- 📍 Nurbag, Citashal, Pagla  
Fatullah, Narayangonj

## Technical Skills

### Languages:

- C, C++, C#, Python, Java, Dart, JavaScript

### Frameworks/Tools:

- Django, Flutter, OpenCV
- TensorFlow, Keras, PyTorch

### Web Development:

- HTML, CSS, JavaScript

### ML & DL:

- Regression, Classification
- CNNs, Transfer Learning

## Languages

- English (Fluent - 90%)
- Bangla (Native - 95%)
- French (Intermediate - 60%)

## Personal Details

- **Father:** Muhammad Sohel
- **Mother:** Majeda Akther
- **DOB:** 20 August 2003
- **Status:** Single
- **Religion:** Islam
- **Blood:** A+

## Professional Summary

Motivated and curious Computer Science and Engineering undergraduate with a deep interest in AI and computer vision. Adept in a wide range of programming languages and frameworks. Eager to apply and grow technical and analytical skills in a challenging, growth-oriented role within a tech-forward company.

## Education

**Bachelor of Science in Computer Science and Engineering**

University of Liberal Arts Bangladesh      **Expected 2026**

## Research Publications

- **Scalable sEMG-Based User-Independent Deep Learning Framework for Assistive Wheelchair Control**  
*Undergraduate Research — Tiny Neuron Research Group*
- **Early-Stage Coronary Artery Disease Prediction Using Coronary Angiogram for Stenosis Detection in Low-Resource Settings**  
*Undergraduate Research — Tiny Neuron Research Group*

## Professional Experience

**Research Intern**      **05/24 - 03/25**  
*Tiny Neuron Research Group*

- Contributed to cutting-edge AI-based research projects
- Collaborated on developing and optimizing deep learning models

**Head of Technical and Web Development**      **05/24 - 03/25**  
*PR4U*

- Led website development, maintenance, and deployment
- Implemented AI solutions to enhance system capabilities
- Managed cyber risk and provided comprehensive technical support

**Graphic Designer**      **01/22 - 06/22**  
*Enayetpuri Computer Training Academy*

- Designed marketing materials using Adobe InDesign
- Created banners, cards, and custom t-shirt designs

**Computer Operator**      **08/21 - 02/22**  
*Enayetpuri Computer Training Academy*

- Conducted software and hardware training sessions
- Provided technical support and customer assistance

## Key Projects

- **Computer Vision Attendance System** - OpenCV/Python facial recognition with real-time logging
- **Lost And Found** - Full-stack Django web application
- **Robotic Arm** - ESP-NOW communication based robotics

- **Smart Home App** - Flutter IoT device controller
- **Justice Link BD** - Flutter-based corruption report system
- **Tiny Neuron Research Web** - Company website development

## Certifications

---

-  Bangladesh Technical Education Board (Computer Office Application)
-  Creative IT (Ethical Hacking)
-  Enayetpuri Computer Academy (Microsoft Office)

## Career Objective

---

To excel in the AI and machine learning field by building intelligent systems and models that solve real-world problems, while continuously learning and growing with the evolving landscape of artificial intelligence.
